

St. Antony's Catholic Primary School

Supporting Your Child with SEND Needs at Home

- Provide good **structure** and **safety** – follow Government and NHS Advice
- **Be as consistent as is possible** with focus and task times
- Try to ensure that you **follow as regular a schedule as much is possible** at home as the vulnerable need routine
 - **Reward good behaviour** – positive reinforcement can go a long way (make a reward chart together)
- **Create a space in your home for school work to be done daily** – so they know that it's school work time when they are there.

Learning Knows No Bounds
